* During the fourth quarter of 2014, we implemented a new organizational structure. As a result of this reorganization, we now operate and report two segments in our consolidated financial statements.

During the first quarter of 2015, we determined that certain products and services associated with our acquisition of SAVVIS, Inc. are more closely aligned to legacy services than to strategic services. As a result, these operating revenues are now reflected as legacy services.

We have recast our previously reported segment results due to the reorganization of our management structure in the fourth quarter of 2014. Consequently, we have adopted several changes with respect to the assignment of certain expenses to our segments, including changes that increased our consumer segment expenses and decreased our business segment expenses in prior periods. We have restated our previously reported segment results for all periods before fourth quarter 2014 to conform to the current presentation.

See our SEC reports for further information.
